

AT-HOME LEARNING ACTIVITY MENU

Each day, choose one activity from each menu. When you have completed one reading, one math, one writing and one word-work activity for the day, cross them off the menu. Keep working until you have completed every activity!

READING MENU

Complete one activity each day AND read for at least 20 minutes

Choose a page from a book you know. Practice reading it 3 times. When you're ready, read the page aloud to a family member with expression.

Read aloud to your favorite stuffed animal or toy for 15 minutes or more.

Look up lyrics to your favorite song. Read it three times with emotion!

Call a friend or family member and read to them on the phone.

Read a book to yourself and retell what happened to a parent using the words first, next, then, last and finally.

Check the boxes when you're done!

Read the directions to a board game (or any kind of game) and then play the game!

Listen to a book or chapter that someone reads to you!

Read a book and retell it to a family member.

Build a fort out of blankets and pillows and read inside it for 20 minutes.

Read a fiction story and tell a family member all about the main character.

Read a fiction story and think of a different ending. Write it down and illustrate it or tell it to a family member.

Find a new spot inside or outside your house to read.

Read a challenging book with the help of a grown-up.

Partner read a book with a family member. Take turns reading one page aloud to each other at a time.

Call a friend from school and read aloud to them. Then listen to them read.

MATH MENU

Complete one activity each day

Write a math story problem about something you experienced this week and solve it.

Cook a recipe with your family. Measure the ingredients carefully. Write what you cooked.

Teach your parent or a sibling your favorite addition strategy.

Make your own addition flashcards and practice for 10 minutes.

Create your own math worksheet with 10 problems. Then solve it!

Addition War: Find a deck of cards (or make your own). With a family member or by yourself, pull 2 cards, add them and shout the total as fast as you can. Play for 15 minutes or more.

Find all the coins in the house, then sort and count them. What's the total?

Count how many socks there are in the house. How many pairs is it? How many socks don't have a match?

Teach your parent or a sibling your favorite subtraction strategy.

Write out the numbers from 0 to 100! Then read them out loud to yourself or a sibling.

Count the number of forks then the number of spoons in the kitchen. How many are there altogether?

Make a number line that goes from 0 to 50.

Using a ruler or measuring tape measure the length of 10 different objects in your house. Record the lengths. What object is the longest? What is the shortest?

Look around your house for objects that are triangles. How many can you find? Draw 3 of them on a piece of paper.

With a grown-up, build the tallest tower possible that can stand up on its own. Use any materials around your house.

WRITING MENU

Complete one activity each day

Write a book recommendation about a book that you read.

Write about something silly that happened this week.

Choose an object that is special to you. Write 10 words that describe that object. Try to use the most descriptive words you can.

Invent a board game and write out the rules. Create the materials for the game and teach someone how to play.

Write a poem about your family.

Go on a walk with your family. Write 3 sentences to describe what you saw on your walk.

Read a nonfiction text. Write and illustrate 3 things you learned.

Read about your favorite animal. Write 3 sentences with illustrations about the animal.

Write a story about a day when your favorite toy came to life.

Write an autobiography and draw a picture of yourself.

What do you want to be when you grow up? Write a story about a day in your life as a grown-up.

Make up a new story about your favorite book character.

Write a story about a day when a dragon appeared in your kitchen.

Describe your dream vacation in 3 or more sentences. Don't forget to illustrate it.

Write 3 sentences or more about how to take care of plants. Illustrate your writing.

WORD WORK MENU

Complete one activity each day using your word list (below)

Sort your words into groups with the same vowel sounds.

Use crayons, colored pencils or markers to write your words. Make each letter of the word a different color.

Make Flashcards with your words. Ask a family member to quiz you. They read the word, you spell it.

Choose 5 words from your list. Write a complete sentence for each word. Underline the word from your list.

Try to find 10 more words with a long O sound that **are not** on your list.

Choose a word from your list and think of 5 words that rhyme. Try again with a second or third word from your list.

Try to find 10 more words with a long A sound that **are not** on your list.

Write each word on your list three times.

Cut out letters from magazines, newspapers, or mail to spell your words.

See how many of your words you can find while you read. Write them down along with the title of the book you found them in.

Choose 10 words from your list and draw a picture for each word.

Write your word list in alphabetical order.

Have a family member give you a spelling test with your words. Use your list to correct your work on your own.

Use your flashcards and play memory. Lay the cards face down and try to match words with the same vowel sound.

Try to find 10 more words with a long I sound that **are not** on your list.

WORD WORK LIST: CVCE WORDS

All the words have a CVCe spelling pattern.
The “e” is silent and helps the vowel make the long vowel sound.
